

Entertainment for everyone

Samsung TV Plus is Samsung's **global, free, ad-supported streaming and television platform** that gives viewers instant access to a wide range of live TV channels, on-demand content, and theme channels: without a subscription, additional devices, or credit card. The service is integrated into Samsung Smart TVs, allowing consumers to view content easily and without barriers.

As a FAST (Free Ad-Supported Television) platform, Samsung TV Plus makes traditional TV viewing relevant in the connected TV world. Users can tune in directly to **live channels, series, movies, sports**, and **news**, always free of charge and supported by advertising.
